THANK YOU FOR YOUR SUBMISSION!

Please plan on attending our FREE Spring Non-Profit Summit in the spring!

With a heart for helping Fauquier and surrounding counties, The Foundation of Blue Ridge Orthopaedics supports non-profits who better our communities. We fill the gap by donating thousands of dollars every year to local non-profits. We are the non-profit arm of Blue Ridge Orthopaedic & Spine Center. Over the last seven years, The Foundation of Blue Ridge Orthopaedics has raised more than \$215,000 for local non-profits that serve community needs! The Bodies in Motion Race is held every October and the Appreciation Celebration is held the following month to dedicate funds raised by the race to area non-profits. This form is an application for those local non-profit organizations to request to receive some of those funds. Decisions are based on application authenticity, non-profit status, non-profit scope, reach and after a thoughtful assessment by the Foundation's Board. Thank you for your interest and submission. Although we are unable to fund every request, we hope that our contributions make a positive impact throughout the region. **Questions, please call 540-347-9298, x337.**
